Get to Know your Region II Vice President

Hello Region II! I hope that you are having a great start to the new school year! This year I will serve as your FBLA Region II Vice President. My name is Brieanna Schroeder, and I am a Junior at Lakeland Union High School in Minocqua. I am not only an active member in FBLA, but am also in DECA, Interact, and German Club. I also play on the girls Varsity Soccer team.

I am very excited and dedicated to serving you this year. I am currently working on a Wiki page which I will send each chapter with information on how to access that. The wiki page will have easy access to information such as fundraising ideas, important dates, and general ideas to help each other out. It will be interactive so anyone can share their ideas on what works for their chapter and what doesn't. I hope that you will get great use out of it.

One of my goals this year is to work on activating non-active chapters and getting more middle schools involved. If you need my help or would like me to visit your school, please feel free to contact me. I know this will be a great year!

Fall Leadership Labs

Don't forget to attend the Fall Leadership Labs! There are two available locations: **Madison** or **Eau Claire**, Wisconsin. Madison Leadership Lab will be held on Thursday, October 14, 2010 (October 8 registration deadline). Eau Claire is on Wednesday, November 17, 2010 (November 9 registration deadline). The state officers have designed 3 great workshops for you to attend! Get your chapter off to a great start and meet members of your officer team.

Wisconsin FBLA will host its second Fall Leadership Conference (WFLC) on October 25 and 26 in Appleton, Wisconsin! Not only will members participate in great tours, workshops, and leadership activities, but this is also a great time to "scope out" the venue for this year's State Leadership Conference in April.

Go Green!

This year your Wisconsin FBLA State Officer Team is putting focus on going green! We want to challenge you and your FBLA chapter to do Go Green Projects! We want this to be a year where we look outside the box and really think of how we can help improve the world we live in!

On the Region II wiki page there will be a link to Go Green Project ideas, and a comment page for you to tell people what your chapter has done. I hope that each chapter really gets involved! I am excited to see the outcome of everyone's projects!
